

Door Sweeps & Astragals

Door Sweeps & Astragals designed for heavy duty usage as weather barriers.

Ultrafab's Door Sweep & Astragal assemblies allow for easy positioning and mounting when following the included installation guide. When used correctly, Door Sweeps and Astragals minimize air flow and water penetration through an otherwise unsealed gap. The polypropylene fibers and center fin are flexible, yet strong; allowing optimal sealing capabilities along with longer product life compared to other brands

Applications:

- Commercial and Residential Double and Single Doors
- Retail
- Homes and Entranceways
- Offices
- Classrooms
- Restaurants

Features and Benefits:

- Adjustable Mounting Bracket Allows for Optimal Sealing and Easy Installation
- Polypropylene Fibers & Center Fin Combination Allows Flexibility which reduces tearing and sealing failure
- Patented Ultrasonically Welded Process Ensures Durability and Longevity - Reduces or Eliminates Air and Water Penetration

Length	Description	Material	Color	Brush Color	Screw Color	Application
